3. **Repeal Resolution 2013-02.** The City Council repeals the Transportation Benefit District Resolution 2013-02 because it refers to Transportation Benefit District Resolution 2013-01 which has been repealed. The City Council has assumed the duties of the Transportation Benefit's District's Board.
4. **Material Change to Cost.** If an approved transportation improvement project exceeds its original cost by more than twenty percent (20%) as identified in Exhibit A to Resolution No. 2017-02, the City Council must hold a public hearing to solicit comments from the public regarding how the City Council should resolve the cost change. The City's staff should consult with the City Council prior to setting the public hearing.

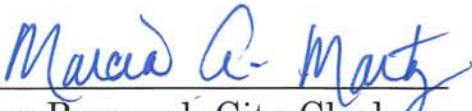

5. **Material Change to Scope.** If the scope of a transportation improvement project materially changes from that originally anticipated at project approval, the City's staff must consult with and review the changes with the City Council. After consultation, the Mayor must convene a meeting of the City Council for discussion.
6. **Material Change to Schedule.** If the schedule of a transportation improvement project materially changes in a way that significantly impacts other projects of the City, the City's staff must consult with and review such schedule changes with the City. The Mayor may convene a meeting of the City Council for discussion.
7. **Severability.** If a court of competent jurisdiction declares any provision in this resolution to be contrary to law, such declaration shall not affect the validity of the other provisions of this Resolution.
